Tobías Rossi

Operations & Continuous Improvement Analyst

trossi2001@gmail.com +54 11 5955-2963 linkedin.com/in/rossi-tobias

PROFILE

Analytics Specialist with 2.5+ years of experience in process optimization and automation. Proven ability to translate complex financial data into actionable insights for cost optimization and high data integrity. Expert in designing ETL pipelines and RPA scripts using SQL and JavaScript, and ensuring high Data Integrity, through the integration of GenAI and Business Intelligence tools.

EXPERIENCE

Operations Reporting SR Analyst - Accenture (Google Client)

Dec 2025 - Present

- Coordinate a team of analysts to ensure high-quality financial reporting by performing critical data integrity reviews and Quality Assurance on high-volume reconciliations.
- Leverage SQL, JavaScript, and Looker Studio to develop performance dashboards and automate partner revenue share calculations, driving cost reduction and 100% disbursement accuracy.
- Executed RCA on Accrued TAC datasets, resolving $4.67M USD in anomalies through advanced data modeling.

Operations Reporting Analyst - Accenture (Google Client)

Sep 2024 - Nov 2025

- Analyzed large operational and financial datasets to identify process inefficiencies and translate data findings into concrete opportunities for optimization.
- Developed and deployed SQL and JavaScript automation scripts to enhance the BPM of high-frequency financial reconciliations and recurring reporting workflows.
- Spearheaded initiatives using Gen AI (NotebookLM), Apps Script, and SQL, resulting in 230 annual hours saved and total process standardization.

Operations Reporting JR Analyst - Accenture (Google Client)

Mar 2023 - Aug 2024

- Drafted comprehensive structured guides and manuals for complex monthly tasks, which enabled efficient team onboarding and task standardization.
- Redesigned operational workflows based on performance analysis, contributing to a verifiable reduction in errors and improved SLA compliance.
- Partnered with clients to integrate internal data solutions with external business objectives.

EDUCATION

Bachelor's in Computer Science
Universidad Nacional de Quilmes
(2022 - Present)

Front-End Development Course
Coderhouse
(2022 – 2023)
